### HF Planners Receives Award for Best Fit Out Project by the General Building Contractors Association

**Branchburg, New Jersey, December 17, 2018.** HF Planners, LLC, was recognized and awarded for their design of the North American EMD Performance Materials for headquarters located in the Philadelphia Naval Yard on November 8, 2018 at the Vie by Cescaphe Ballroom by the General Building Contractors Association.

The 21st Annual Construction Excellence Awards is the premier construction awards program, recognizing excellence in construction and safety. The Excellence Awards Program is dedicated to creating greater awareness throughout the region of the quality workmanship produced by GBCA member companies.

“We are extremely proud of the cutting-edge design of EMD’s North American headquarters and thrilled to have had the opportunity to work with HSC Builders,” shared Caroline Shelly. “Our team of designers was led by Casey Murphy, who worked closely with EMD’s President and Head of Finance to help make their vision for the new space come to life. Adding to the overall design concept was the challenge of incorporating LEED V4 ID&C in the space. To be honored at the GBCA award ceremony with the entire team is a testimonial to our honed process and ability to collaborate on all levels of a project.”

General Building Contractors Association was Established in 1891, and is the Philadelphia chapter of the Associated General Contractors of America (AGC). They provide more than 250-member companies with access to proven advocacy, networking opportunities, safety services, education and training programs. More information on the award can be found online at <https://gbca.com/blog/2018-construction-excellence-awards-congratulations-winners>.

**About HF Planners, LLC:** For over 18 years, HF Planners has served leading organizations as a trusted expert in optimizing their facilities. Recent projects included designing 30,000 sq. ft. of office spaces, coordinating moves and changes for a 400-person relocation, incorporating new branding within a space, and creating collaboration areas. Utilizing our expertly-honed and proven processes for planning and managing workspaces, we are able to save our clients time and money, alleviate risk, maximize their return on investment, and make a positive impact on their culture.
