New Jersey's Leading Business Journal Recognizes HF Planners, LLC as a Leader in Real Estate, Construction, and Design

(Branchburg, NJ, June 6, 2024) - Caroline Shelly, Founder and Principal of HF Planners, LLC, proudly announces that NJBIZ has recognized the company as a leader in real estate, construction, and design. This prestigious honor celebrates individuals, companies, and projects that are transforming the real estate landscape of New Jersey through innovative development, design, construction, and project management.

HF Planners, LLC earned this distinction for their exemplary work on an exterior upgrade project for a global consumer goods manufacturing company in Hillsborough, NJ. The building, which serves as a prominent landmark on Route 206, required a significant facelift to reflect the high-quality manufacturing processes occurring within.

"HF Planners, LLC is honored to be part of the design team developing the concept for the exterior facade and overseeing the construction management for this manufacturing location. The final result is a showcase building our client can be proud of, enhancing Hillsborough township's architectural landscape and contributing to the community's economic vitality," said Caroline Shelly, Founder and Principal.
